*Also mixed inserts for the corresponding milling cutter, MOQ 10 pcs/type. Offer valid until stock lasts.

Why choose HF4PLUS?

01

M S

New SE geometry specifically designed for ISO M / S.

02

Effectively reduces cycle time and improves efficiency.

03

Versatile in operations and simplifies the process (suitable for face milling, ramping, helical pocketing, vertical milling).

04

Multiple-curve edge design improves strength and reliability.
